

Botox Instructions

Thank you for your Botox purchase at Avanti Skin Center of Louisville!
Here are a few tips that may be helpful after having the procedure.

~ Do not lie down for 3-4 hours after your treatment.

~ Facial exercise of the area is recommended.
(Frown/Smile for the next hour)

~ Avoid manipulation of the area for 4 hours.
(This may include facial massages, strenuous exercises such as jogging, holding the head in an unnatural position for an extended period of time, etc.)

Taking these precautions should minimize the possibility of
ptosis (drooping eyelid) to almost 100%.

It may take 3-14 days for you to see your results.
An enhancement may be necessary in 2 weeks.
Your follow-up appointment is scheduled for:
